**TO:** HONORABLE MAYOR AND CITY COUNCIL

**FROM:** MICHAEL KILLEBREW, CITY MANAGER  
BRENDA WISNESKI, DIRECTOR OF COMMUNITY DEVELOPMENT  
PATRICK MUNOZ, CITY ATTORNEY

**SUBJECT:** AN APPEAL OF PLANNING COMMISSION APPROVAL FOR COASTAL DEVELOPMENT PERMIT CDP22-0010 TO ESTABLISH A SHORT-TERM RENTAL PROGRAM

**RECOMMENDED ACTION:**

That the City Council:

1. Deny the appeal in part, and affirm it in part, by upholding the Planning Commission's decision to adopt CDP22-0010 for the Short-Term Rental (STR) Program and revising the STR Program approved by the Planning Commission to address community concerns as set forth in the accompanying [Action Document A](#); and adopt a Resolution entitled:

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DANA POINT, CALIFORNIA, DENYING IN PART, AND AFFIRMING IN PART, THE APPEAL OF THE PLANNING COMMISSION'S APPROVAL OF COASTAL DEVELOPMENT PERMIT CDP22-0010 (THE CDP) TO ESTABLISH A SHORT-TERM RENTAL PROGRAM TO REGULATE THE PERMITTING AND OPERATION OF SHORT-TERM RENTALS IN THE CITY, BY UPHOLDING THE PLANNING COMMISSION'S APPROVAL OF THE CDP AND AMENDING THE PROGRAM APPROVED BY THE PLANNING COMMISSION; and

2. Direct Staff to bring back a revised STR Permit fee for Council consideration that will enable the City to recover its costs related to the issuance of STR Permits.

**BACKGROUND:**

The subject appeal was scheduled for the June 21, 2022, City Council meeting. Prior to receiving a Staff report or public testimony, the public hearing was opened, and the item was continued to July 12, 2022. A Subcommittee was created consisting of Mayor Pro Tem Frost and Councilmember Villar to further review the proposed STR Program in light of legal issues discussed by the Council in closed session, as well as concerns which

have been expressed by the community by persons both in favor of and opposed to the STR Program approved by the Planning Commission. The Subcommittee has recommended that the Council consider revisions to the STR Program approved by the Planning Commission as set forth in [Action Document A](#).

As Staff worked with the Subcommittee, it became clear that the current STR Permit fee does not reflect the actual costs related to reviewing and issuing STR Permits. Accordingly, the Subcommittee recommends that the Council direct Staff to study this issue and bring back a revised fee proposal for Council consideration, which will enable the City to recover its STR Permit associated costs.

## **DISCUSSION:**

The following is a summary of the changes to the STR Program proposed by the Council Subcommittee:

### I. General:

Numerous terms and definitions were amended to be more legally precise, without changing the substance of the STR Program approved by the Planning Commission.

### II. Definitions:

Certain new definitions were added, and some of the prior definitions were changed, in order to address the substantive changes proposed by the Subcommittee, and specifically:

#### A. 4 types of STRs are identified:

- (1) "Non-Primary STR." Definition is unchanged and refers to a traditional STR (properties frequently used for STR purposes).
- (2) "Primary Residence STR." Formerly defined as Primary STR, continues to refer to an owner's primary residence rented for STR purposes only while the owner is away, with a limitation of 60 nights of STR rentals per year.
- (3) "Home Stay STR." The definition has been modified to be limited to a situation where an STR renter stays in the same dwelling unit as the owner during their STR rental (owner must be present).
- (4) "Multi-Family Home Stay STR." Formerly a subset of Home Stay STRs. This definition now refers to Multi-Family properties where the STR Permit holder lives in one of the units while renting another unit he/she owns on the same parcel for STR purposes.

B. "Mixed-Use Parcel" and "Mixed-Use Parcel STR Permit." These are new definitions added to address substantive changes proposed by the Subcommittee and

refer to STRs located in areas of the City zoned to allow both commercial and residential uses at the same time (such as in Town Center and Doheny Village (see accompanying map in [Supporting Document C](#) showing areas where Mixed-Use Parcels exist, and where Mixed-Use Parcel STR Permits may be issued.))

### III. Permit Limitations/Caps:

The Subcommittee has proposed caps on the total number of STR Permits that could be issued, which vary depending on the type of STR and where it is located. The Subcommittee was very conscious of the California Coastal Commission's (CCC) concerns about limitations on the total number of permits, and hence the proposal is structured to ensure the proposed number of STR Permits can actually exist, and not just be theoretical numbers that may not come into existence due to restrictive conditions. The Subcommittee's proposal reflects an effort to adhere to the Planning Commission's recommendation of 185 Non-Primary STRs, which is consistent with the demand in the City at a time when permits were freely available; while at the same time dispersing them in a manner that addresses community concerns. The Subcommittee proposes a three-part structure that results in modifications to the total number of permits that might exist at any time, with an ultimate long-term goal of having between 185 and 190 Non-Primary and/or Multi-Family Home Stay STRs under any scenario. In addition, rather than no numerical caps on Home Stay and Primary Residence STRs, the Subcommittee recommends a cap of 100 STR Permits for these two categories, which it believes exceeds the number of such STR Permits that will be requested.

#### Part 1 - The Basic Structure.

The first component of the Subcommittee's proposal is the basic structure explained in this section. This basic structure is subject to modifications explained in the second and third components of the proposal discussed below:

A. Capistrano Bay District (Beach Road): Cap of 35 STRs of any type (currently there are 31 Non-Primary STRs and 1 Home Stay STR in the Capistrano Bay District.)

B. Home Stay and Primary Residence STR: Cap of 100 citywide in any location (with any existing in the Capistrano Bay District not counting towards this cap). The STR Program approved by the Planning Commission did not subject these categories of STRs to any cap. Currently there are 6 of these citywide, and hence the cap of 100 seemed very reasonable to the Subcommittee, and likely beyond what future demand may yield.

C. Multi-Family Home Stay STR: The Subcommittee believes these are an underutilized category of STRs and that a significant demand for them exists, which has not been met because the City has not been issuing new STR Permits. There are currently only 4 citywide, but the Subcommittee believes there will be a demand for this product and proposes placing a cap of 60 on them.

D. Non-Primary STR: There are currently a total of 88 of this type of STR outside of the Capistrano Bay District. The Subcommittee recommends a cap of 90 of these STRs (with this cap not applying to those in the Capistrano Bay District).

Under the above basic structure, if all available permits are issued, there would be a total of 185 STR Permits between those in the Capistrano Bay District (35), combined with Non-Primary STRs (90), and Multi-Family Home Stay STRs (60) [i.e.,  $35+90+60=185$ ]; and potentially an additional 100 Home Stay and Primary Residence STRs. Part of the goal of the Subcommittee's proposal is to allow for some new Non-Primary STR Permits to be issued both within the Capistrano Bay District and citywide, while at the same time implementing a strong preference for the additional permit capacity to be used in connection with Multi-Family Home Stay STRs. Thus, there is room for 3 more Non-Primary STR Permits in the Capistrano Bay District and 2 more citywide, yet room for 56 new STR Permits for Multi-Family Home Stays.

#### Part 2 - Adjustments if the market for Multi-Family Home Stays does not materialize.

The Subcommittee recognized that they do not actually know if there will be a market for Multi-Family Home Stay STR permits. Hence, to be true to the goal of enabling 185 Non-Primary and/or Multi-Family Home Stay STRs to meet the City's obligation to provide for low-cost visitor serving accommodations, it recommends that a rolling adjustment to the number of Non-Primary STRs occur in the event it turns out the demand for Multi-Family Home Stay STRs is underwhelming.

The proposed program requires review every 6 months for a three-year period. In each 6-month period, if an assumed demand for Multi-Family Home Stay STR Permits is not met, the cap applicable to Non-Primary STRs goes up by 10, while keeping the combined cap of Multi-Family Home Stay and Non-Primary STRs at 150 [i.e., on inception  $90 \text{ Non-Primary} + 60 \text{ Multi-Family Home Stay} = 150$ ]. The result (by way of example) would be that if the demand for Multi-Family Home Stay STRs does not change from the current 4, in 3 years the cap for Non-Primary STRs would have been increased to 146. Thus, there would be 150 of such STRs (4 existing Multi-Family Home Stay and 146 Non-Primary), which combined with the 35 STRs in the Capistrano Bay District, would meet the goal of 185.

#### Part 3 - Adjustments to meet the goal of encouraging STRs at Mixed-Use Parcels.

The Subcommittee recognized the community has expressed a strong preference that STRs be located in areas zoned Mixed-Use or commercial, similar to what occurred in Laguna Beach. Laguna Beach's zoning definitions are different than Dana Point's, so an apples-to-apples application of this concept does not work. Nevertheless, to address community concerns, the Subcommittee's proposal adds a definition for "Mixed-Use Parcel", which in essence is a parcel upon which commercial and residential uses are permitted. There is not a true citywide "zoning district" where this definition applies, but generally speaking such parcels exist in 4 zoning districts in the city, as shown on the accompanying map ([Supporting Document C](#)).

To encourage STRs to be located on Mixed-Use Parcels, the Subcommittee recommends a reduced permit fee, and has recommended that 190 permits for Non-Primary and/or Multi-Family Home Stay STRs be made available at Mixed-Use Parcels. These permits would not be subject to the above noted limitation/cap. The intent is that by encouraging STRs at Mixed-Use Parcels, over time all Non-Primary and Multi-Family Home Stay STRs will be located at Mixed-Use Parcels (other than those in the Capistrano Bay District). To achieve this intent, the Program is structured such that each time a Mixed-Use Parcel STR Permit is issued for either a Non-Primary or Multi-Family Home Stay STR, the cap applicable to such category of STR at non-Mixed-Use Parcels will decrease by 1. The proposal takes into account adjustment to these caps that might occur due to Part 2 of the proposal structure noted above. Importantly, the cap reduction will not impact existing STR Permits.

Hence, by way of example only, if all 150 permits for Non-Primary and Multi-Family Home Stay STRs are issued for Dwellings outside of the Capistrano Bay District, and then 100 Mixed-Use Parcel STR Permits are issued, a total of 250 applicable STRs would exist, with that number decreasing as STR Permits at non-Mixed-Use Parcels terminate due to property transfers, permit terminations, etc. The goal is that eventually (under this example), as a result of attrition, there would once again only be 150 Non-Primary and/or Multi-Family Home Stay STRs outside of the Capistrano Bay District, with the majority (100) located at Mixed-Use Parcels.

#### **NOTIFICATION AND FOLLOW-UP:**

A 1/8 page Notice of the Public Hearing was published within a newspaper of general circulation on June 3, 2022, and posted on May 26, 2022, at Dana Point City Hall, the Dana Point and Capistrano Beach Branch Post Offices, as well as the Dana Point Library. On May 25 and June 16, 2022, the STR Interested Parties List was emailed notification of the public hearing. The public hearing was continued from the June 21, 2022 Council meeting to July 12, 2022. On June 22 and July 7, 2022, the STR Interested Parties List was emailed notification of the continuance.

#### **PUBLIC COMMENTS RECEIVED:**

Public comments received in connection with the May 9, 2022 Planning Commission meeting and the June 21, 2022 City Council meeting, along with the meeting recordings hosted on the City's YouTube channel, are available for viewing on the City's Short-Term Rental webpage ([bit.ly/DanaPointSTR](https://bit.ly/DanaPointSTR)).

#### **FISCAL IMPACT:**

No impact.

**ALTERNATIVE ACTIONS:**

The City Council could determine that the findings cannot be made to approve the project, continue the public hearing, and direct Staff to bring back a resolution approving the appeal and denying Coastal Development Permit CDP22-0010.

The Council could choose to not have Staff analyze whether a revised STR Permit fee is in order.

**ACTION DOCUMENT A****RESOLUTION NO. 22-07-12-XX**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DANA POINT, CALIFORNIA, DENYING IN PART, AND AFFIRMING IN PART, THE APPEAL OF THE PLANNING COMMISSION'S APPROVAL OF COASTAL DEVELOPMENT PERMIT CDP22-0010 (THE CDP) TO ESTABLISH A SHORT-TERM RENTAL PROGRAM TO REGULATE THE PERMITTING AND OPERATION OF SHORT-TERM RENTALS IN THE CITY, BY UPHOLDING THE PLANNING COMMISSION'S APPROVAL OF THE CDP AND AMENDING THE PROGRAM APPROVED BY THE PLANNING COMMISSION

The City Council for the City of Dana Point does hereby resolve as follows:

WHEREAS, the City of Dana Point filed a verified application for a Coastal Development Permit to establish a Short-Term Rental Program (STR Program) to regulate the permitting and operation of short-term rentals (STRs) in the City; and

WHEREAS, said verified application constitutes a request as provided by Title 9 of the Dana Point Municipal Code; and

WHEREAS, STRs have historically been a part of Dana Point and enhanced regulatory provisions and fines were adopted in 2021 to limit community impacts and impose strict enforcement measures; and

WHEREAS, relevant court decisions, *Kracke v. City of Santa Barbara* (2021) 63 Cal.App.5<sup>th</sup> 1089 and *Keen v. City of Manhattan Beach* (2022) 77 Cal.App.5<sup>th</sup> 142, provide the framework that any regulation and/or prohibition of STRs in the Coastal Zone requires compliance with the Coastal Act, such as with an amendment to the City's Local Coastal Program (LCP), or issuance of a Coastal Development Permit (CDP); and

WHEREAS, the California Coastal Commission has made clear that it will not support a prohibition of STRs based on its interpretation of the Coastal Act; and

WHEREAS, the City understands that it is the Coastal Commission's position, which has been confirmed by the Courts in the above noted cases, that STRs are already legally authorized as residential uses, which are permitted by the City's existing zoning and Local Coastal Program in various zoning districts in the City; and

WHEREAS, because STRs are already permitted by the City's zoning and Local Coastal Program, in order to comply with the Coastal Act, a CDP is proposed to allow the regulation of STRs; and

WHEREAS, until STR regulations are established, the City will face arguments that STRs may operate at any existing residential property in the Coastal Zone, without regulation or limitation; and

WHEREAS, pursuant to the California Environmental Quality Act (CEQA), the adoption of the STR Program does not qualify as a “project” because it does not authorize any new construction or development in the City, and rather, only establishes regulations limiting the potential uses of certain existing residential dwelling units, and as such would not result in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. Alternatively, if the adoption of the STR Program is a “project” subject to CEQA, it falls within Categorical Exemption Class 1 - Section 15301 (Existing Facilities), in that the STR use is an already established residential use in the City (as determined by the CCC and related case law), and the City’s adoption of the STR Program would not result in intensification or expansion of that use, and rather would limit it. Further, in the event the City Council’s actions in adopting the CDP is not exempt, the City has satisfied its CEQA obligations and no additional review is required pursuant 14 CCR 15162, as the City has previously adopted a Mitigated Negative Declaration by Resolution 13-12-03-08 . relating to short term rentals, and (a) there are no substantial changes related to the involvement or severity of any potential environmental impacts, (b) there are no substantial changes related to the circumstances under which the project is undertaken that would require major revisions to the previously approved MND, and (c) there is no new information of substantial importance showing that the project would have new or more severe environmental impacts, or any new or more feasible mitigation measures; and

WHEREAS, the Planning Commission did, on the 9<sup>th</sup> day of May, 2022, hold a duly noticed public hearing as prescribed by law to consider said request and the CDP establishing the STR Program; and

WHEREAS, at said public hearing, upon hearing and considering all testimony and arguments, if any, of all persons desiring to be heard, said Commission considered all factors relating to Coastal Development Permit CDP22-0010, and approved the project 4-1; and

WHEREAS, on the 23<sup>rd</sup> day of May, 2022, Kim Tarantino and Mark Zanides, submitted an appeal of the Planning Commission approval; and

WHEREAS, on the 21<sup>st</sup> day of June, 2022, the City Council held a lawfully noticed hearing on the appeal of the Planning Commission’s determination with respect to CDP22-0010, and continued the public hearing to July 12, 2022; and

WHEREAS, on the 12<sup>th</sup> day of July, 2022, the City Council reopened the lawfully noticed hearing on the appeal of the Planning Commission’s determination with respect to CDP22-0010, and considered all testimony and arguments for and against said appeal.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the City Council of the City of Dana Point as follows:

Section 1. That the above recitations are true and correct, adopted as findings of the Council, and incorporated herein by this reference.

Section 2. Based on the evidence presented at the public hearing, the City Council denies the appeal in part, and affirms it in part, by upholding the Planning Commission's decision to adopt CDP22-0010 for the Short-Term Rental (STR) Program, and revising the STR Program approved by the Planning Commission to address community concerns as set forth in the accompanying Exhibit A, subject to the following findings and conditions of approval:

Findings:

Coastal Development Permit CDP22-0010

1. That the project is in conformity with the certified Local Coastal Program (LCP) as defined in Chapter 9.75 of this Zoning Code (Coastal Act/30333, 30604(b); 14 Cal. Code of Regulations/13096) **in that, the STR Program allows the establishment of regulations for STRs in the City. The Coastal Commission has determined (which determination was confirmed by court decisions including *Kracke v. City of Santa Barbara* (2021) 63 Cal.App.5<sup>th</sup> 1089 and *Keen v. City of Manhattan Beach* (2022) 77 Cal.App.5<sup>th</sup> 142) that STR uses are the same as any other residential use already permitted by the City's zoning and LCP, and they are therefore a permitted use in the City's Residential and Mixed-Use zones. The STR Program regulations ensure STRs are compatible with residential neighborhoods and safeguards the peace, safety and general welfare of the residents of Dana Point. The regulations prohibit excessive noise, disorderly conduct, vandalism, overcrowding, traffic congestion, illegal vehicle parking, and the accumulation of refuse. The establishment of regulations for STRs and a permitting process ensures the City provides a mix of overnight accommodations to provide coastal access to visitors as required by the Coastal Act and the City's LCP. The City's existing supply of overnight accommodations along with the STR Program's balanced approach increases the availability of overnight (market rate and affordable) accommodations while protecting neighborhoods, long-term housing stock, and public access.**
2. If located between the nearest public roadway and the sea or shoreline of any body of water, that the project is in conformity with the public access and public recreation policies of Chapter Three of the Coastal Act (Coastal Act/30333, 30604(c); 14 Cal. Code of Regulations/13096) **in that, the establishment of the STR Program increases public access in the Coastal Overlay District in the**

City by creating additional opportunities for overnight accommodations for visitors. The establishment of four types of STRs (Non-Primary, Primary Residence, Home Stay and Multi-Family Home Stay STRs) allows for improved overnight access to the coast with amenities that provide a mixed range of affordability to ensure all types of visitors can access the coast in Dana Point. The establishment of the STR Program is in addition to the 1,864 hotel rooms and 120 campsites within the City limits. Allowing more Home Stay STRs than are realistically needed to meet demand, and prioritizing Multi-Family Home Stay STRs expands the potential for affordable overnight accommodations since these STRs are, by design, an affordable option by allowing the renting of individual rooms or an attached unit versus an entire house.

3. That the project conforms to Public Resources Code Section 21000 (the California Environmental Quality Act - CEQA) and following, **in that, the STR Program does not qualify as a “project” because it does not authorize any new construction or development in the City, and rather, only establishes regulations limiting the potential uses of certain existing residential dwelling units, and as such would not result in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. Alternatively, if the adoption of the STR Program is a “project” subject to CEQA, it falls within Categorical Exemption Class 1 - Section 15301 (Existing Facilities), in that the STR use is an already established residential use in the City (as determined by the CCC and related case law), and the City’s adoption of the STR Program would not result in intensification or expansion of that use, and rather would limit it. Further, in the event the City Council’s actions in adopting the CDP is not exempt, the City has satisfied its CEQA obligations and no additional review is required pursuant 14 CCR 15162, as the City has previously adopted a Mitigated Negative Declaration by Resolution 13-12-03-08 . relating to short term rentals, and (a) there are no substantial changes related to the involvement or severity of any potential environmental impacts, (b) there are no substantial changes related to the circumstances under which the project is undertaken that would require major revisions to the previously approved MND, and (c) there is no new information of substantial importance showing that the project would have new or more severe environmental impacts, or any new or more feasible mitigation measures.**
4. That the proposed development will not encroach upon any existing physical access-way legally utilized by the public or any proposed public accessway identified in an adopted Local Coastal Program Land Use Plan, nor will it obstruct any existing public views to and along the coast from any public road or from a recreational area **in that, the project is for the establishment of an STR**

**Program to establish regulations for the permitting and operation of STRs and does not result in any physical development that would encroach on any access-way or public view identified in the City's LCP. The STR Program creates a range of affordable overnight accommodations to increase access to the coast for visitors of Dana Point. The STR Program requires, at a minimum, a review by the Community Development Director every five years; however, the City has the authority to review the Program sooner and propose amendments to the CDP to incorporate modifications and/or mitigation to address any impacts of the Program on public access and/or public views.**

5. That the project has been sited and designed to prevent adverse impacts to environmentally sensitive habitats and scenic resources located in adjacent parks and recreation areas, and will provide adequate buffer areas to protect such resources **in that, the project is for the establishment of an STR Program to establish regulations for the permitting and operation of STRs and does not result in any physical development that would create adverse impacts to environmentally sensitive habitats and scenic resources identified in the City's LCP. The establishment of the STR Program will improve public access to the coast and not result in adverse impacts to the environment or recreational areas.**
6. That the project minimizes the alteration of natural landforms and will not result in undue risks from geologic and erosional forces and/or flood and fire hazards resources **in that, the project is for the establishment of an STR Program to establish regulations for the permitting and operation of STRs and does not result in any physical development.**
7. That the project is visually compatible with the character of surrounding areas, and, where feasible, will restore and enhance visual quality in visually degraded areas **in that, the project is for the establishment of an STR Program to establish regulations for the permitting and operation of STRs and does not result in any physical development.**
8. That the project conforms with the General Plan, Zoning Code, applicable Specific Plan, Local Coastal Program, or any other applicable adopted plans and programs **in that, the establishment of an STR Program allows for the establishment of regulations for STRs in the City. The Coastal Commission has determined (and that determination was confirmed by Court decisions) that STR uses are the same as any other residential use already permitted by the City's zoning and LCP and is therefore a permitted use in Residential and Mixed-Use zones in connection with existing residential or mixed-use structures. The establishment of STR regulations ensures the use is compatible with residential neighborhoods and safeguards the peace, safety and general**

welfare of the residents of Dana Point and their visitors and guests by eliminating excessive noise, disorderly conduct, vandalism, overcrowding, traffic congestion, illegal vehicle parking, and the accumulation of refuse which are directly related to short-term rentals. The establishment of regulations for STRs and a permitting process ensures the City provides a mix of overnight accommodations to provide coastal access to visitors as required by the Coastal Act and the City's LCP. The City's existing supply of overnight accommodations along with the STR Program's balanced approach increases the availability of overnight (market rate and affordable) accommodations while protecting neighborhoods, long-term housing stock, and public access.

Conditions:

**General:**

1. Approval of this application permits the STR Program, which establishes permitting, regulations, and penalties for short-term rentals.
2. The STR Program shall be reviewed by the Community Development Director at least every five (5) years to re-evaluate the permit cap, regulations, penalties, and all other aspects of the STR Program to determine if amendments should be made. Amendments to the Program must be processed as an amendment to the Coastal Development Permit.
3. As authorized by Municipal Code Section 5.38.080, the Community Development Director will apply the additional standards set forth in the STR Program as a condition of all permits issued for STRs outside of the Coastal Zone to ensure a uniform approach to the regulation of STRs throughout the City.
4. Within six (6) months of approval of this application, applications for new short-term rentals permits shall be accepted by the City for review.
5. Approval of this application is valid for a period of 24 months (two years) from the noted date of determination. If the development approved by this action is not established, the approval shall expire and shall thereafter be null and void.

## Exhibit A

### **Coastal Development Permit Short-Term Rental Program**

#### **1. Introduction**

The following sets forth the rules and regulations for the City of Dana Point's Short-Term Rental Program (the "STR Program"), the purpose of which is to require the owner or owners of a residential Dwelling that operates as a Short-Term Rental ("STR"), as defined herein, to apply for and secure a permit authorizing such use in the manner provided for by this STR Program to safeguard the peace, safety and general welfare of the residents of Dana Point, their guests, and out of town visitors, by eliminating excessive noise, disorderly conduct, vandalism, overcrowding, traffic congestion, illegal vehicle parking, and the accumulation of refuse which are directly related to STRs.

#### **2. Definitions**

The following definitions shall apply to the STR Program:

- (a) "Accessory Dwelling Unit" shall mean an attached or a detached residential Dwelling that provides complete independent living facilities for one or more persons and is located on a lot with a proposed or existing primary residence. It shall include permanent provisions for living, sleeping, eating, cooking, and sanitation on the same parcel as the single-family or multi-family dwelling is or will be situated. An Accessory Dwelling Unit also includes the following: (A) An efficiency unit, and (B) A manufactured home, as defined in Section 18007 of the Health and Safety Code."
- (b) "Agent" shall mean the representative, if any, designated by the owner in accordance with Section 5.38.040 of the Municipal Code.
- (c) "City Manager" shall mean the City Manager of the City of Dana Point or designee.
- (d) "Community Development Director" shall mean the Community Development Director of the City of Dana Point or designee.

- (h) "Mixed-Use Parcel" shall mean a parcel upon which the City's zoning permits commercial and residential uses to exist at the same time (i.e., commercial on first floor and residential on upper floors). By way of example only, as of the effective date of the STR Program, parcels located in the following zoning districts in the City would meet the definition of Mixed-Use Parcel: C/R; R/C – 18; P/R; TC-MU.
- (i) "Mixed-Use Parcel STR Permit" shall mean a Permit for either a Non-Primary STR or a Multi-Family Home Stay STR issued for an STR located in a Dwelling on a Mixed-Use Parcel.

- (j) "Multi-Family Home Stay Short-Term Rental" shall mean an STR at a parcel upon which a multi-family Dwelling (i.e., a duplex, tri-plex, etc.) lawfully exists, and at which all the following conditions also exist: (i) the Property Owner owns two or more Dwellings on the parcel, and (ii) the Property Owner resides in one of the Dwellings on the parcel and such Dwelling unit is the Property Owner's Primary Residence, and (iii) one of the Dwellings owned by the Property Owner is used for STR purposes.
- (k) "Non-Primary Short-Term Rental" shall mean a Dwelling used for Short-Term Rental purposes other than a Home Stay, Multi-Family Home Stay or Primary Residence Short-Term Rental.
- (l) "Permittee" shall mean the holder of an STR Permit.

- (o) "Property Owner" shall mean a person who holds a recorded interest in a parcel upon which a Dwelling exists which is used for, or proposed to be used for an STR. In the case of a trust, both the trustees and any person or entity holding a beneficial interest of more than 5% in the trust are deemed to be the Property Owner. In the case of a business entity, any person having an ownership interest of more than 5% in the entity shall be deemed to be a Property Owner.
- (p) "Short-Term Rental" or "STR" shall have the same meaning as Section 5.30.020(e) of the Municipal Code.
- (q) "STR Permit" means a permit issued to the Property Owner to authorize use of a Dwelling for STR purposes pursuant to the STR Program.

### 3. STR Permit Limitations:

- (a) A combined maximum of 35 STR Permits may be issued for all categories of STRs located in the Capistrano Bay District (aka, Beach Road.)
- (b) A maximum of 90 STR Permits may be issued for Non-Primary STRs in the City, with this limitation applicable to Non-Primary STRs at Dwellings located both inside and outside the Coastal Zone; provided, however, STR Permits for Non-Primary STRs issued for Dwellings located in the Capistrano Bay District shall not count towards this numerical cap.
- (c) A maximum of 60 STR Permits may be issued for Multi-Family Home Stay STRs in the City, with this limitation applicable to STRs at Dwellings located both inside and outside the Coastal Zone; provided, however, STR Permits for Multi-Family Home Stay STRs issued for Dwellings located in the Capistrano Bay District shall not count towards this numerical cap.
- (d) A combined maximum of 100 STR Permits may be issued for either Home Stay or Primary Residence STRs located in the City, with this limitation applicable to such STRs at Dwellings located both inside and outside the Coastal Zone; provided, however, STR Permits for Home Stay or Primary Residence STRs issued for Dwellings located in the Capistrano Bay District shall not count towards this numerical cap.

- (e) Part of the intention of this STR Program is to allow the City to meet its goal of complying with the policy of the Coastal Act to encourage low-cost visitor serving accommodations by facilitating the existence in the City of approximately 185 Non-Primary and/or Multi-Family Home Stay STRs, in addition to 100 Home Stay and Primary Residence STRs. Towards this end, the above numerical caps shall be adjusted as follows under the following circumstances:
- i. If, on the 6-month anniversary of the effective date of this STR Program, less than 20 STR Permits for Multi-Family Home Stay STRs have been applied for, the total number of STR Permits for Non-Primary STRs set forth in Section 3(b) above shall increase by 10; provided the total combined number of STR Permits for Non-Primary and Multi-Family Home Stay STRs shall not exceed 150 (excluding such STR Permits issued for Dwellings located in the Capistrano Bay District).
  - ii. If, on the 12-month anniversary of the effective date of this STR Program, less than 30 STR Permits for Multi-Family Home Stay STRs have been applied for, the total number of STR Permits for Non-Primary STRs set forth in Section 3(b) above, as such number may have been adjusted by Section 3(e)(i) above, shall increase by 10; provided the total combined number of STR Permits for Non-Primary and Multi-Family Home Stay STRs shall not exceed 150 (excluding such STR Permits issued for Dwellings located in the Capistrano Bay District).
  - iii. If, on the 18-month anniversary of the effective date of this STR Program, less than 35 STR Permits for Multi-Family Home Stay STRs have been applied for, the total number of STR Permits for Non-Primary STRs set forth in Section 3(b) above, as such number may have been adjusted by Section 3(e)(i) or (ii) above, shall increase by 10; provided the total combined number of STR Permits for Non-Primary and Multi-Family Home Stay STRs shall not exceed 150 (excluding such STR Permits issued for Dwellings located in the Capistrano Bay District).
  - iv. If, on the 24-month anniversary of the effective date of this STR Program, less than 40 STR Permits for Multi-Family Home Stay STRs have been applied for, the total number of STR Permits for Non-Primary STRs set forth in Section 3(b) above, as such number may have been adjusted by Section 3(e)(i) through (iii) above, shall increase by 10; provided the total combined number of STR Permits for Non-Primary and Multi-Family Home Stay STRs shall not exceed 150 (excluding such STR Permits issued for Dwellings located in the Capistrano Bay District).
  - v. If, on the 30-month anniversary of the effective date of this STR Program, less than 50 STR Permits for Multi-Family Home Stay STRs have been applied for, the total number of STR Permits for Non-Primary STRs set forth in Section 3(b) above, as such number may have been adjusted by Section 3(e)(i) through (iv) above, shall increase by 10; provided the total combined number of STR Permits for Non-Primary and Multi-Family Home Stay STRs shall not exceed 150 (excluding such STR Permits issued for Dwellings located in the Capistrano Bay District).
  - vi. If, on the 36-month anniversary of the effective date of this STR Program, less than 60 STR Permits for Multi-Family Home Stay STRs have been applied for, the total number of STR Permits for Non-Primary STRs set forth in Section 3(b) above, as such number may have been adjusted by Section 3(e)(i) through (v) above, shall increase by 10; provided the total combined number of STR Permits for Non-Primary and Multi-Family Home Stay STRs shall not

- exceed 150 (excluding such STR Permits issued for Dwellings located in the Capistrano Bay District).
- (f) Part of the intention of this STR Program is to encourage STRs on Mixed-Use Parcels, rather than parcels zoned for single family Dwellings, in connection with the City's goal of complying with the policy of the Coastal Act to encourage low-cost visitor serving accommodations. Towards this end, the following provisions shall apply to new Mixed-Use Parcel STR Permits (meaning permits issued after the effective date of this STR Program):
- i. A combined maximum of 190 new Mixed-Use Parcel STR Permits may be issued for either Non-Primary or Multi-Family Home Stay STRs that are located on Mixed-Use Parcels.
  - ii. Mixed-Use Parcel STR Permits shall be required to pay the STR Permit fee established by the City Council in an amount calculated as follows (Total STR Permit Fee x 0.75).
  - iii. Mixed-Use Parcel STR Permits may be issued without regard to the numerical caps noted in Sections 3(b) and (c) above, and do not count towards determining such numerical caps.
  - iv. Each time a Mixed-Use Parcel STR Permit is issued for a Non-Primary or Multi-Family Home Stay STR on a Mixed-Use Parcel, the numerical cap for such category of STR Permits noted in Sections 3(b) and (c) [as such cap may be adjusted pursuant to the provisions of Section 3(e)] shall be reduced by one (1). This reduction to the numerical cap shall have no impact on or application to an existing STR Permit not located on a Mixed-Use Parcel, including when such STR Permit is considered for annual renewal. Rather, it shall only apply to either: (1) reduce the number of STR Permits available to be issued for Dwellings that are not on Mixed-Use Parcels, in the event less than the total number of applicable, permissible STR Permits have been issued, or (2) limit the availability of applicable STR Permits that would otherwise be available for Dwellings located other than on Mixed-Use Parcels to Property Owners on the STR Permit waitlist.
  - v. The provisions of this Section 3(f) shall have no impact on STR Permits available for Dwellings located in the Capistrano Bay District.
- (g) When a parcel upon which a Dwelling exists for which an STR Permit has been issued is sold, the STR Permit shall expire upon the date the title to such parcel transfers, and the STR Permit shall not transfer to the new Property Owner. Should the new Property Owner desire to use any Dwelling on the parcel as an STR, such new Property Owner must apply for and receive an STR Permit.
- (h) Notwithstanding the foregoing, if a parcel upon which a Dwelling exists for which an STR Permit has been issued changes ownership through an inheritance, or as a result of a family transfer that results in no new property tax assessment of the parcel, the STR Permit may be transferred provided the new Property Owner(s) is/are family members of the prior Property Owner. In such circumstance, the new Property Owner may apply for an STR Permit transfer. The STR Permit transfer shall be subject to such requirements as may be imposed by the Community Development Director to confirm the new Property Owner(s) is(are) a family member(s) of the prior Property Owner(s). Prior to the first use of any Dwelling on a parcel as an STR after a change of ownership as a result of an inheritance, an STR Permit transfer shall have been approved by the City. The Community Development Director shall determine if a familial relationship exists,

and shall base that decision on the totality of the facts of any given circumstance in a manner that carries out the intent of this provision consistent with applicable laws.

- (i) Upon reaching the maximum number of STR Permits for any category of STR, the City will establish a waitlist for the issuance of STR Permits when they become available.
- (j) Upon the effective date of the STR Program, STR Permits shall be limited to one STR Permit per Property Owner without regard to the category of STR to which such STR Permit applies (i.e., whether for a Home Stay, Non-Primary, Multi-Family Home Stay, or Primary Residence STR.) Any STR Permits issued prior to the effective date of the STR Program which conflict with this provision shall be deemed to be “grandfathered” and will remain valid, subject to all other provisions hereof until such time as the pre-existing STR Permit(s) expire(s) or is (are) revoked.
- (k) An STR Permit shall not be issued for a Dwelling located in a multi-family structure if issuance of such Permit would result in the creation of a “hotel”, as defined by the Dana Point Zoning Code (i.e., 6 or more guest rooms or suites located in a structure or group of structures.)
- (l) After five years of the STR Program, the Community Development Director will review the Program to determine if a change to the maximum number of STR Permits should be considered. Any change to the maximum number of STR Permits shall be subject to an amendment to the Coastal Development Permit.

#### **4. Permit Holders/Agents**

- (a) STR Permits shall be issued only to the Property Owner of the parcel upon which a Dwelling exists that is proposed to be used as an STR. The Property Owner shall be responsible for compliance with the provisions of this STR Program, and any STR Permit.
- (b) A Property Owner may retain an Agent or a representative to comply with the requirements of this STR Program, including, without limitation, the filing of an application for an STR Permit, the management of the STR, and the compliance with the conditions to the STR Permit. The Property Owner shall sign and notarize an agreement satisfactory to the Community Development Director demonstrating the creation of an Agent relationship. The failure of an Agent to comply with this STR Program or any STR Permit condition shall be deemed non-compliance by both the Property Owner and Agent, and both shall be subject to any adverse action by the City related to a violation, including imposition of fines and STR Permit revocation.
